To Whom It May Concern:

It is a pleasure to have been asked to write on behalf of Kevin Young and Tim Young of A.S.T.A. Roofing INC.: As the Facility Engineer here at Fort Defiance Indian Hospital Board Inc., ASTA has demonstrated great quality of work within that past year and a half. They have completed two big roofing jobs her at the hospital. Their work is one of the best out there and workmanship is great. The crew was professional, productive, efficient, and most importantly very communicative on all phases of work.

As a past customer, I would recommend ASTA to do any kind of roofing services that is needed. I am confident that they will make the customer happy and provide the best work possible. The jobs here went smoothly and when there was a problem they would come back and fix it right away.

In short, ASTA Inc. has earned a reputation as a hard-working, trustworthy company who strives to make each project as smooth as possible. I strongly encourage you to give ASTA Inc., the opportunity for a favorable review. If there is any question, or if I can be of any other assistance, please contact me at your earliest convenience.

Sincerely,
